The Association of Language Centres in Higher Education (**ACLES**), in pursuit of one of its main goals, which is to assist in the improvement of quality, created in 2011 an examination accreditation model. As a result of this process, the **CertAcles** exam model has been recognized by the Conference of Rectors of Spanish Universities (**CRUE**), as well as by the European Conference of Language Centres in Higher Education (**CercleS**), as a valid model for conducting exams of language competence.
