5 REASONS TO CHOOSE SEVILLE AND PABLO DE OLAVIDE UNIVERSITY

SEVILLE

Spain's fourth-largest city and the capital of Andalusia, Seville is rich in history, cultural traditions, and art. Its Moorish palaces, narrow cobblestone streets, and beautiful gardens reflect its long past. The city's vibrant street life, colorful festivals, and welcoming people create a warm atmosphere for visitors. Seville's proximity to many historic and cultural sites in Spain, as well as in Portugal and North Africa, makes it an ideal base for exploring the region.

PABLO DE OLAVIDE UNIVERSITY

Founded in 1997, the UPO is one of Spain's youngest and smallest public institutions. Named after an 18th-century Peruvian intellectual, it is a dynamic university focused on educating future leaders through strong academic programs, innovative research, and a highly qualified faculty. It has nearly 13,000 students and offers a range of undergraduate and graduate programs across various academic fields.

RESEARCH

The campus houses the Andalusian Center of Developmental Biology (C.A.B.D.), attracting researchers from across the region. Pablo de Olavide University excels in research, with national and international collaborations, and is ranked among the top 1,000 universities globally by Times Higher Education and Shanghai rankings.

GLOBAL QUALITY DEGREES

The University houses the following academic departments on its campus: Social Anthropology, Basic Psychology and Public Health; Molecular Biology and Biochemical Engineering; Sports Science and Computer Science; Private and Public Law; Business Administration, Economics, Quantitative Methods and Economic History; Financial Economics and Accounting; Philology and Translation; Physiology, Anatomy and Cellular Biology; Geography, History and Philosophy; Physical, Chemical and Natural Systems; Sociology; Social Work and Social Services. The UPO offers 48 degree and dual degree programs.

A PERFECT LOCATION

The University is located on a beautiful campus less than 5 miles from Seville's city center. The campus includes various facilities such as classroom buildings, a library, computer and science labs, a dining hall, two cafeterias, a gym, padel tennis courts, indoor basketball and soccer courts, an outdoor running track, and playing fields. Seville's metro connects the University to the city center, and a bike path provides access to many parts of Seville.

MULTIDISCIPLINARY STUDIES PROGRAM

The Multidisciplinary Studies Program is designed for students wishing to spend a semester or a year abroad while continuing their undergraduate degree. While it offers advanced courses in Spanish, it also caters to the needs of those with little or no background in Spanish by offering Spanish language classes at six different levels and classes taught in English in many subject areas. A placement exam at the beginning of the program determines the language level of each student. Courses are 6 ECTS credits (3 U.S. credits) unless specified otherwise.

The list of courses which follows is for both the fall and spring semesters unless otherwise noted. Course offerings are subject to sufficient enrollment. Students with advanced Spanish language skills may enroll in a maximum of two regular university courses per semester (PIU Program pp 10-12).

Academic Credits: 6 ECTS / 3 US per course
(up to a maximum of 30 ECTS/15 US)

Schedule: From Monday to Thursday from 9:00 AM to 7:00 PM with an occasional activity on a Friday (the schedule is subject to the choice of courses)

Minimum GPA: 2.75 (on a 4.0 scale)

Students per class: a maximum of 24 in content classes and 16 in Spanish language classes. Other restrictions may apply

LIST OF COURSES

Students may take up to 5 courses from any of these areas

THE UNIVERSITY IMMERSION PROGRAM (PIU)

A program especially designed for students with advanced Spanish language skills who wish to integrate themselves fully into a Spanish university. Students enroll directly in regular classes with Spanish students.

For Business Majors: If you are a business major but are not fluent in Spanish, there are a number of business courses available in English with Spanish students as well. Students may select up to five courses per semester. One of these five courses may be from the Multidisciplinary Studies Program (pp. 4-9).

Due to the implementation of new degrees, some of the courses are subject to change. Please contact the International Center before making your final course selection:
